In Memoriam

John Fitzgerald Kennedy

1917-1963

"When we think of him, he is without a hat, standing in the wind and the weather. He was impatient of topcoats and hats, preferring to be exposed, and he was young enough and tough enough to confront and enjoy the cold and the wind of these times, whether the winds of nature or the winds of political circumstance and national danger. He died of exposure, but in a way that he would have settled for--in the line of duty, and with his friends and enemies all around, supporting him and shooting at him. It can be said of him, as of few men in a like position, that he did not fear the weather, and did not trim his sails, but instead challenged the wind itself, to improve its direction and to cause it to blow more softly and more kindly over the world and its people."

Foreword

We, the Class of '64, feel fortunate to have had the experience of growing up in Cohocton. The early settlers of Liberty (later changed to Cohocton) founded a village nestled among beautiful hills in a valley through which meandered the Cohocton River. Many generations have enjoyed the beauties to behold, the rich return from the land, and the industries later to invade the quiet countryside. This background has created the Cohocton we know and appreciate, "Our Town, U.S.A."

*To You, Miss Lilly
We Dedicate The Chieftain*

To Miss Genevieve Lilly, head of the Science Department, whose unswerving faith in the right, and whose sage guidance in scientific fields has made her stalwart presence felt by all the students throughout Cohocton Central, we dedicate this 1964 Chieftain. May it serve, Miss Lilly, as a reminder of the esteem which we all regard you.

Appreciation

Before leaving our beloved Alma Mater, we, the Class of '64, want to express our deepest appreciation to you, Mr. Tripp, for your skillful guidance during our four years at Cohocton Central. Although overburdened with your duties as Physical Education Director, you took on the enormous task of leading our class through many social and fund-raising activities. As we look forward to our final goal, our Graduation, we are more aware of the time, encouragement, and patience you have given to us. We will try to repay you by living up to your advice, "Always strive to do your best."

And to you, Mrs. Holroyd, who took over the overwhelming task of advising so many yearbook staffs, our greatest thanks. At numerous times, we felt that the job of producing a yearbook would never be completed, but when we had a deadline to meet, you encouraged us to finish on time. There were many days when our minds seemed to be a total blank. You helped us draw ideas from these blank minds, and develop them into another page of the "Chieftain".

Juniors

This year was a big one for the class of '65. On October fourth we started out with a highly successful junior play, "No Boys Allowed." After a November dance and coat-checking at the Dairyman's Dinner, our treasury swelled considerably, and on May first we held our prom. Now an even more successful senior year beckons.

CLASS OFFICERS: K. Mehlenbacher, President, R. Sirois, Secretary, C. Many, Vice President, N. Kramer, Treasurer

First Row: S. Saxton, L. Wise, A. Sick, C. Many, S. Crouch, D. Harmon, J. Folts, R. Standish. Second Row: H. Russell, A. Polmanteer, C. Moschiano, M. Cosgrove, N. Kramer, S. Fleishman, E. Wagner, J. Williams, K. Mehlenbacher, R. Sirois, J. Conrad.

Sophomores

Now our treasury is really booming, thanks to our freshman dance, Mrs. Koby's English class time and patience, and our second successful dance on September 20, 1963, featuring a live band, "The Electras." Our next dance is planned for early April.

With Mrs. Fisher as our new advisor, the class of 1966 sold cocoa and brownies during the soccer season which brought us up to the time of candy selling at basketball games.

Members of our class have been studying college catalogues and visiting campuses during vacations, and making some definite plans on careers.

Among the many activities of the freshmen are visitation day at Alfred University where the freshmen may get a chance to see a college campus, freshman dance, and trying out for an athletic team or for cheerleading.

How do you do this problem, Mrs. Hemmer?

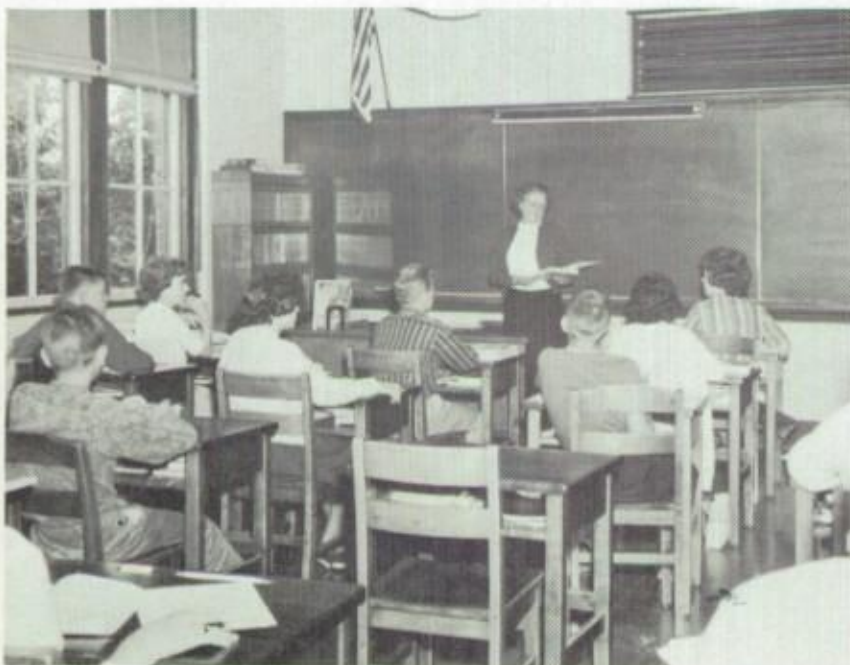

Eighth Grade

Eighth grade is the end of the long years of preparatory grades. Intensive study in algebra, the Constitution, and our language gives a solid basis for High School work. Eighth graders receive their diplomas in June, and in the fall go on to hard work and responsibility in Senior High.

Have Patience , Just One More Year

Seventh Grade

In its social studies classes the seventh grade makes a study of the geography, history, and government of New York State, Steuben County and the Town and Village of Cohocton. To make the past and present more real, we use in addition to textbooks, stories, articles from newspapers, movies, film-strips and colored slides. At the end of the year the members of the class have acquired a deeper appreciation of their great heritage together with a better understanding of their state and community life.

Yes, very interesting, Mr. Wheaton.

First Row: M. Wolcott, E. Scrivener, S. Moore, L. Adams, T. Carey, B. Wheaton, R. Dockstader, J. Standish, T. Allison, D. Folts. Second Row: S. Dunn, M. Hickey, L. Kunz, L. Wagner, D. Harter, B. Sixth Grade

This year the sixth grade consists of thirty-eight pupils; twenty-one boys and seventeen girls. Because of this number the sixth grade room was not large enough for us and we moved to the eighth grade room. We are most grateful to Mrs. Hemmer and her students for exchanging with us. We hope to have a happy and a profitable year together.

First Row: T. Allison, D. Kanaval, D. Avery, W. Hamilton, D. Wise, T. Dockstader, J. Wilcox, J. Conrad, S. Smalt, S. Wray. Second Row: J. Gilman, D. Brown, T. Cragg, J. Swisher, R. Mehlenbacher, L. Fifth Grade

Grade five is fortunate because we study about our own country and our nearby neighbors, in our social studies course. It is in this grade, that we divide by two and three numbers. We also work with fractions and decimals.

Small world isn't it Mrs. Gray?

First Row: J. Kunz, V. Avery, K. Coye, A. Scrivener, S. Hoover, N. Carey, P. Wolcott, A. Woloszyn, S. Wallace, M. Schneider. Second Row: S. Hoag, T. Kiefer, J. Sick, L. Sick, R. Polmanteer, F. Fourth Grade

In the fall of the year the fourth graders make a booklet of poems. The children look up and copy poems that appeal to them. Many of these poems are about autumn and the leaves. Finally they attempt to write a short original poem. The children make the covers of the booklet of construction paper.

First Row: L. Williams, L. Deleo, M. Sabins, S. Delio, L. Fox, K. Allison, K. Scrivener, C. Kiefer, D. Quanz, J. Wagner, D. Hoag. Second Row: A. Snyder, D. Mullikin, G. Meek, D. Mehlenbacher, C. Homemaking

A good home does not merely happen by accident. This results from an intelligent attitude and a great effort on the part of the family who seeks the most satisfactory home life. The part of homemaking is not a simple task. To become a good homemaker requires good judgment in dealing with the problems of family life. All is not learned in a short time. The formal study of homemaking is necessary to prepare them for satisfactory participation in home life. A good home has a great influence on the success and happiness of the individual.

Industrial Arts is the study of technology. Technology is the sum total of all that man knows and does with materials. Members of the Library Club perform a vital service to their school. Through their efforts the library is open in the morning, when there is no librarian. Members of the Club help with the processing of new books and perform other necessary library duties. It is necessary to like both books and people to be a good Assistant Librarian.

THE FUTURE IS YOURS

You are about to embark on the most important part of your life. For some of you, the next few years will mean college, more study and choice of a career. For others, you will now begin to be "on your own" for the first time.

You are faced with a challenge: the future is what you will make it. As someone once said, "If you do not think about the future, you cannot have one."

Corning Glass Works Salutes you upon your graduation. The future is yours.

We, the Class of '64, end this edition of the "Chieftain" with a tribute to our parents, our spiritual leaders, our school faculty, the members of our village government, our civic organizations, and all the good people of our community who have helped to mold us into citizens worthy of Cohocton, "Our Town, U.S.A."
